CHAHUUUUUTTTTT. This installment was amazing. LOVED it, especially seeing the clown church!!!! This is one of my favorites for sure!! be sure to attend clown church every day and pray to the mirthful messiah!. Improved my self esteem by complementing my gams 10V10. in 2013 i left the cesspool that was the homestuck fandom...but the main game and this godforsaken side game has lured me back into the firey clutches of hussie,,

the new trolls are so \u2665\u2665\u2665\u2665ing cool, my specific favorites being the purple bloods,,,

i \u2665\u2665\u2665\u2665ing love chahut,,, big clown wife,,,big purp,,,like holy \u2665\u2665\u2665\u2665 i love her so much and like ive actually cried over her.

if youre on the edge about hiveswap cause its attached to homestuck in a way

give the games a chance, they are their own thing and are honestly worth it. Snarky anime villain and Big Wife Energy, best volume <3

199999999999V10. i love clown church :o). So. After seeing a bunch of let's plays for Friendsim, I decided: "Hey! I'm gonna buy the next one!". And you know what? I really enjoyed this one! It was pretty short like all the other ones, but I feel like it's worth the 80 cents. So if you enjoyed all the other Friendsims, I think this one is worth picking up. Not as good as Volume 8, but not as bad as Volume 4. But it's still up there in terms of quality. Anyways, that's it for my review, cheers!. Excellent volume. I was waiting for a while for one of the murder clowns to show up, and I'm very happy with what I got in the most awesome way possible. Goldblood is pretty cool too. You'll see a couple characters from previous volumes, and their role is actually pretty cool in each. One of the better volumes by way of character and art in my opinion.
