An example of this is shown below: 3 1 Gatekeeper If you have Mac OS X 10 8 or higher then you might get a message saying that Kodi 'can't be opened because it is from an unidentified developer'.. Download; Donate > Support > General Support > Mac OS X > Kodi 14 2 Mac Mini Audio issue.. Kodi makes it even easier by supplying a link to the Application folder, on which you can drop the Kodi bundle.
